

THE EYE OF SUFFERING

by JG96

HIS ORIGIN

The 3rd son of the Devil, Daniel (his mortal name) is the third and last key for the Devil to bring hell on earth. He was born on June, 6th 1966, or 6/6/66, at Chincoteague, Virginia. His birth parents gave him to an orphanage, which when he was ten ran away from there. He lived his life six years on curbs across Virginia. He eventually found an old woman who took him in at age 11.

WHEN THE PROPHECY BEGINS

When he was 25, he was having weird visions of burning cities, burning praries, and skeletons. He heard voices of cries for help,fear, and sorrow. After every nightmare a date would show up, 6/6/32, which he soon realized that is sixty-six years from his birthdate. He also soon figured out that was going to be Doomsday.

Those gut-wrenching dreams didn't stop until he was 45. After that his life seemed normal. But seemed is used strongly. He was 50 yrs old when his stomach started to hurt. He went to every doctor in Virginia, but noone could find the problem. His skin eventually outlined an oval with a line in the middle, which resembled an "eye". He also checked with doctors for this, but no one could find the problem, again.

HIS FINAL DAYS AS A MORTAL

At 52 yrs. old, he was scared to death. People called him a freak, when his skin went from white to red. He was reading books about diseases and skin discoloration, but nothing. On June 6,2027 he died in the mortal world. He just collapsed, which had investagators on his death confused. They thought it was a murder, he had a thin burn mark on his neck, but nothing. But in the Underworld, things were just beginning.....

He was the final piece in the gate of the Underworld, and when he died, the gate was unlocked. Daniel, his younger brother Dene, and youngest brother Damon made the Devil's eyes, and his nose. His nose to smell fear, and the eyes to see it. The Devil waited until Doomsday, and released the demons on the earth. Soon, Planet Earth crumbled before him, and more planets would soon follow.

THE END OF EARTH
